'Master of Reality' was Black Sabbath's

most polished album at the time of its release. From the residual cough that opens 'Sweet Leaf' (a tongue-in-cheek love song to a certain medicinal herb), to the last screaming echo of 'Into the Void'- 'Master of Reality' broke new ground for the band, while helping to further refine their unique sound.

In my opinion, this is Black Sabbath's BEST album, not only did this album laid the groundwork for Doom Metal, but it also laid a blueprint for Sludge Metal (sorta) and Stoner Metal with songs like Sweet Leaf, After Forever, Children Of The Grave, Lord Of This World, and Into The Void.
