The issue of debt and how it affects our lives is becoming more and more urgent. The "Austerity" model has been the prevalent European economic policies of recent years led by the "German model". Elettra Stimilli draws upon contemporary philosophy, psychology and theology to argue that austerity is built on the idea that we somehow deserve to be punished and need to experience guilt in order to take full account of our economic sins. Following thinkers such as Max Weber, Walter Benjamin and Michel Foucault, *Debt and Guilt* provides a startling examination of the relationship between contemporary politics and economics and how we structure our inner lives. The first English translation of *Debito e Colpa*, this book provokes new ways of thinking about how we experience both debt and guilt in contemporary society. If your sex life could use some spicing up, this is the book for you. This A to Z guide includes: how to's, safety info, tips on shopping, everything beginners need to know.

Vast areas of the Netherlands seem to

This book examines the prospects for animating this tendency. Conceived and edited by Winy Maas and Jacob van Rijs with Richard Koek and produced by MVRDV, *FARMAX* reads as an architectural narrative composed of studies and designs made by MVRDV and students from Delft University of Technology, the Berlage Institute and the Rotterdam Academy of Architecture and Urban Planning, along with contributions by other authors.

Mozart's greatest works were written in Vienna in the decade before his death (1781-1791). This biography focuses on Mozart's dual roles as a performer and composer and reveals how his compositional processes are affected by performance-related concerns. It traces consistencies and changes in Mozart's professional persona and his *modus operandi*

and sheds light on other prominent musicians, audience expectations, publishing, and concert and dramatic practices and traditions. Giving particular prominence to primary sources, Simon P. Keefe offers new biographical and critical perspectives on the man and his music, highlighting his extraordinary ability to engage with the competing demands of singers and instrumentalists, publishing and public performance, and concerts and dramatic productions in the course of a hectic, diverse and financially uncertain freelance career. This comprehensive and accessible volume is essential for Mozart lovers and scholars alike, exploring his Viennese masterpieces and the people and environments that shaped them.
