care to OVC. It is important to note that the skills in this training build upon fundamental principles taught in ‘Introduction to Working with Children and Psychosocial Support’ and it is strongly recommended that participants complete that course prior to attending ‘Basic Skills for Counselling Children’.

Thus, I began to reflect on my counseling practice and, over the course of several weekly licensure supervision meetings, we crafted a five-phase model — my way of counseling survivors of sexual assault toward healing and restoration. Just the thought of counseling someone who has been sexually assaulted may be daunting for many counselors.

Unfortunately, most teacher training programs don’t prepare us for this important part of our work. Counseling skills like thoughtful self-disclosure, deep listening, and maintaining appropriate

boundaries are not only useful in one-on-one situations but can also help us manage our classes more effectively and compassionately.
