Nordic Fintech Summit 2021 | Fintech Farm | Learn and connect

The bridge program will follow strict guidelines to ensure that only the most deserving Nordic fintech companies get the chance to put down roots in Singapore's rich fintech markets. Six Nordic companies will be chosen in total, and each company will be picked based on challenges formulated for this unique occasion by the UNDP, Copenhagen Fintech, and the other partners of the program.

Lunar, the Nordic neobank with offices across Denmark, Sweden and Norway, has landed a \$47 million Series C. The round arrives just seven months after its €20 million Series B extension in April. The bank's Series B totalled to a larger \$50 million (€46 million).

Nordic Fintech Summit brings together leading Nordic financial institutions, fintechs, regulators and other experts to discuss the most current topics such as sustainability and digitalization, and share their practical experiences in the rapidly changing financial industry. 1 Day. 4 Tracks. 40 Speakers. 400 Participants. 4000 Meetings

These 33 FinTech funding rounds from last week highlight the rise of Scandi challenger banks, the importance of cybersecurity and how competition in the buy now, pay later space is heating up.

A Value-Driven Recovery: The Nordic Fintech Moment ...

Copenhagen Fintech, a non-profit organisation, states that they aim to shape the future of finance, by creating unique connections between startups, corporates, investors, and academia. The goal is that innovative and compelling fintech solutions will emerge as a result of these connections.

The 'next normal': Nordic fintechs and the surge in demand ...

A Review: Copenhagen Fintech Week Global 2020 | The ...

The five Nordic fintech hubs have mapped out all the fintech startups working within the SDG framework. 200 companies are on the first list - many of them delivering parts of the billions of dollars of financing to tackle problems such as financial inclusion, lack of access to capital for small and medium sized enterprises, and for investments in sustainable infrastructure.

It provides services in the fields of banking, mortgage finance, insurance, pension, real-estate brokerage, etc. And, Nordic API Gateway is a pioneering aggregator of financial data in Northern Europe that enables access to financial data and account-to-account payments, so its customers can offer better solutions to theirs.

The Nordic FinTech market is rapidly growing and diversifying, with more companies and new technologies being created.

Fintech revolves around the use of technology to provide financial services. Financial technology innovations led by relatively new, technology driven startups and companies are currently disrupting a number of more traditional players (like banks & investment firms) in a variety of areas within finance. These include - Trading & Investing
