How to Justify Adding Staff - Manager's Resource Handbook

You can use quantitative methods to forecast future hires in your recruitment plan. For example, companies may set daily sales targets to hit their revenue goals. They can use productivity metrics to find out if their current number of employees can achieve those goals. If not, they can calculate how many more people they need to hire.

Hire Power: Use strategic resourcing to sharpen your competitive edge eBook: John Wallace: Amazon.co.uk: Kindle Store

Hire Power SA has partnered with Talentor, which is a tightly woven network of passionate people around the globe. Talentor processes are aligned and optimised for both local and international businesses and specialised in the information technology, telecommunications, finance, health sciences, consumer, energy and industry sectors.

For example: my career-high is 15 hires in a quarter. But if the goal is 100 hires, I alone will not get us there. So I might make the business case to hire a contract recruiter, a talent sourcer and scheduler to better streamline the workflow. Use hiring plans to power your recruiting strategy. Hiring plans are much more than numbers on a ...
