III. Social Work Focused Criteria Care Plan Examples IV. NKF/CNSW Outcomes Training Program Interventions A. Phase 1 Interventions i. Case Example - using the CNSW Example Patient Assessment

for care planning B. Phase 2 Interventions i. Case Example - using the KDQOL for care planning C. Phase 3 Interventions i.

While most hospice programs are admitting eligible patients, they often don't prove eligibility with their documentation. From admission, to clinician visits, to recertification, nurses, social workers, and chaplains must document unequivocally whether the patient is chronically ill versus terminally ill.

Hospice providers will then be required to list visit lengths and number of visits by physicians/nurse practitioners, nurses, social workers, and aides, as well as PT, OT, and ST, and the length of phone calls made by social workers that are related to the terminal illness.
