Trading using the KISS method - with Andrew Mitchem

The Kiss forex trading strategy is one of the most commonly used custom technical indicators among forex traders. This FX trading strategy puts in a lot of information into one indicator. The template uses price action, moving average and MACD histogram to predict the price movement of the currency pair.

It's a phrase everyone knows - Keep It Simple Stupid [or Keep It Short and Simple]. However, forex KISS is better known than practiced. Part of this is because of marketing, as well as that ever-present "keep up with Mr. Jones" attitude that pervades forex.

The acronym K.I.S.S. stands for Keep It Simple Stupid. This acronym is as applicable to the field of Forex trading as it is to any. 'Keeping it simple' in regards to your Forex trading means keeping all aspects of your Forex trading simple, from the way you think about price movement to the way you execute your trades.
