F38 - WENDY KARSYN

"Oil on the Brain: Adventures from the Pump to the Pipeline" is the story, from beginning to end, of how oil is pumped, traded, refined, distributed and sold to the public. In addition, the book covers the conditions, both political and cultural, in a number of oil producing countries. The book is divided roughly in half. Author Lisa Margonelli will read from her book "Oil on the Brain: Adventures from the Pump to the Pipeline" and discuss current issues on oil consumption from 4 p.m. to 6 p.m. Saturday, Feb. 23, in *Oil on the Brain: Adventures from the Pump to the Pipeline ...*

Oil on the Brain: Adventures from the Pump to the Pipeline Lisa Margonelli, Author. Doubleday \$26 (324p) ISBN 978-0-385-51145-2. More By and About This Author. ARTICLES. Not the Usual Drill ...

--Simon Winchester " "Oil on the Brain" could be called " The Petro-economy for Dummies" --and especially hardcore dummies like me who insist on being entertained as well as educated. From the corner gas station to the oil fields of Nigeria, there couldn't be a better traveling companion than Margonelli.

Book Chase: Oil on the Brain: Adventures from the Pump to ...

Lisa Margonelli's Oil on the Brain is the author's attempt to explain the price of a gallon of gasoline at the pump by tracing that refined product all the way back to its source. Margonelli came to her subject with the very limited understanding of the oil industry that the average American consumer has but, by spending time with industry people working in all of its many branches, she gathered enough information and insight to write an entertaining explanation of how gasoline is priced in ...

Oil on the Brain is a smart, surprisingly funny account of the oil industry—the people, economies, and pipelines that bring us petroleum, brilliantly illuminating a world we encounter every day. Americans buy ten thousand gallons of gasoline a second, without giving it much of a thought. Where does all this gas come from?

Oil on the Brain: Adventures from the Pump. Winner Blurb: This eye-opening, highly readable account of a commonplace yet indispensable substance is a complete study of oil's journey from well to consumer. Winner Image: Title of a book, article or other published item (this will display to the public):

OIL ON THE BRAIN: ADVENTURES FROM THE PUMP TO THE PIPELINE ...

Oil on the brain : adventures from the pump to the pipeline. [Lisa Margonelli] -- The aim of this book is to understand the economies, destinies and dreams shared by the people who live along the world's pipelines.

In a story by turns surreal and alarming, Margonelli meets lonely workers on a Texas drilling rig, an oil analyst who almost gave birth on the NYMEX trading floor, Chadian villagers who are said to wander the oil fields in the guise of lions, a Nigerian warlord who changed the world price of oil with a single cell phone call, and Shanghai bureaucrats who dream of creating a new Detroit.

Oil on the Brain: Adventures from the pump to the pipeline / Lisa Margonelli. This was a clever book, well written. The author devoted a chapter to the long supply chain of petroleum: a gas station, a fuel delivery truck driver, refinery, the strategic petroleum reserve, NYMEX futures exchange, a domestic oil well being dug.
