#### Trane Voyager Troubleshooting Manual - ftik.usm.ac.id

Trane is a pioneer in the HVAC industry and has extensive experience in the design of hardware and software. This manual provides the information necessary to proficiently troubleshoot the Voyager 3-25 ton UCP controlled models. This publication covers UCP controls only. This publication does not cover all aspects of service.

Trane believes that responsible refrigerant practices are important to the environment, our customers, and the air conditioning industry. All technicians who handle refrigerants must be certified. The Federal Clean Air Act (Section 608) sets forth the requirements for handling, reclaiming, recovering and recycling of certain refrigerants and the equipment that is used in these service procedures.
