engA poignant, simply-told story that shows the resourcefulness of poverty-stricken children around the world. Pablo and his sister spend every day at "Treasure Mountain", the local dump. There, they rummage through the mounds of garbage looking for items that their mother can sell in order to provide food for the family. Occasionally, they find a "real" treasure like some still-edible food, or a picture book, which Pablo delights in, even though he can't read. The work is exhausting, and sometimes not very lucrative, but the worst thing they have to contend with is Filthy-Face, a brutish bully who steals the finds of all the children. But one day, Pablo discovers a real treasure. Will he be able to keep it from falling into the hands of Filthy-Face? Simply written with highly expressive illustrations, this book brings home the reality of poverty around the world.

Before he becomes very sick, Grandpa enjoys joining his granddaughter in her favorite activity, searching for things to add to her secret treasure box, including a broken robin's egg, a rusty spring, and a snakeskin that makes Grandpa squirm and make funny faces.

"He has achieved success who has lived well, laughed often, and loved much," said Bessie Anderson Stanley. This book is a collection of observations about success that the author first shared with his son in the first two volumes of Life's Little Instruction Book. It also includes thought-provoking and in-

spiring quotes from other sources.

THE BOOK OF TREASURE SPIRITS Conjurations of Goetic spirits, old gods, demons and fairies are all part of a rich heritage of the magical search for treasure trove. During the Middle Ages and Renaissance the British Monarchy gave out licenses to people seeking treasure in an effort to control such practices, and this is one reason why so many grimoires are full of conjurations and charms to help the magician find treasure. Published here for the first time, from a long-ignored mid-seventeenth century manuscript in the British Library (Sloane MS 3824), is the conjuration said to have been performed at the request of King Edward IV, with other rites to reveal treasure, to have treasure brought from the sea, and to cause thieves to bring back stolen goods. Conjurations to call any type of spirit are also included, recorded by the noted alchemist and collector Elias Ashmole, as is an extract on conjuration practices from the Heptameron, transcribed into English for practical use by a working group of magicians, before its first English publication by Robert Turner in 1655. These conjurations demonstrate the influence of earlier classic grimoires and sources, with components drawn from the Goetia, the Heptameron, and Reginald Scot's Discoverie of Witchcraft. The material includes spirit contracts for Agares, Padiel and Vassago, as well as techniques like lead plates for binding, and summoning into a glass of water, which hark back to the defixiones of Hellenistic Greece and the demonic magic of the Biblical world. This material forms part of a corpus of conjurations all written in the same hand and style of evocation, linking Goetic spirits and treasure spirits with the archangels and planetary intelligences (in Sloane MS 3825), and demon kings and Enochian hierarchies (in Sloane MS 3821), making it a unique bridge of style and content between what are often falsely seen as diverse threads of Renaissance magic. About the Author David Rankine is an occult scholar and author of more than 20 books on the subject of magic, the western esoteric traditions, folklore and mythology. Since the 1970's he has been researching and exploring magical and spiritual practices throughout history; a journey which has taken him from ancient Sumeria, Babylonia and Egypt through Greece, Rome and Britain through the middle ages and renaissance and the modern Western Mystery Traditions. With Stephen Skinner he has produced works such as The Veritable Key of Solomon and the Goetia of Dr Rudd, both highly regarded groundbreaking works which make available previously unpublished source materials for the first time.

Robert M. Edsel brings the story of his #1 NYT bestseller for adults The Monuments Men to young readers for the first time in this dynamic, narrative nonfiction project packed with photos. Robert M. Edsel, #1 New York Times bestselling author of The Monuments Men, brings this story to young readers for the first time in a sweeping, dynamic adventure detailing history's greatest treasure hunt. As

the most destructive war in history ravaged Europe, many of the world's most cherished cultural objects were in harm's way. The Greatest Treasure Hunt in History recounts the astonishing true story of 11 men and one woman who risked their lives amidst the bloodshed of World War II to preserve churches, libraries, monuments, and works of art that for centuries defined the heritage of Western civilization. As the war raged, these American and British volunteers -- museum curators, art scholars and educators, architects, archivists, and artists, known as the Monuments Men -- found themselves in a desperate race against time to locate and save the many priceless treasures and works of art stolen by Adolf Hitler and the Nazis.

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

A moving and ultimately hopeful look at what we hold most dear — and carry with us — when we are forced to flee our homes because of war. Hannah was born into slavery in the year 1832 and eventually had three children. Having opinions, dreams, and goals, were dangerous traits for a slave. Exhibiting such willfulness would get you beaten or sold so Hannah did her best to drive these traits out of her children. Hannah never lived to experience a single day of freedom; but her three children did. Her son, Samuel, was nineteen, and her twin daughters, Pearl and Ruby, were just barely sixteen when they were emancipated. They had been dutiful children, obeying their momma in order to stay near her. But as freed people these same traits: setting goals, becoming self-reliant, and learning it is not only safe, but mandatory to dream of a better life, were now necessary if they were to succeed in this strange new world without their momma; but succeed they would, regardless of the difficulty. In my newest novel, TREASURE IN A TIN BOX, experience life as a slave on the Stewart Plantation. See life through Hannah's eyes, and cheer for Samuel, the boy who had to become a man too early. Suffer along with Hannah as you realize that her young daughter, Pearl, is a smart and opinionated girl. How do you break these traits in her without breaking the girl? And then there is sweet, kind, obedient little Ruby. How do you protect such innocence when you, yourself, have no power? This novel will take us on a one hundred-thirty year journey that will challenge our views of slavery, and will help us see just how hard it was for the generations that followed to shake off the deep seated fears and traditions that slavery instilled in those who experienced it. Family stories were carefully passed down in order to help the younger members understand what their family had experienced. Love, support, forgiveness, self-termination, and integrity became the hallmark of the Bascom family. The rich history of life after

emancipation is revealed in the lives of these beloved characters. Join Tobias as he reviews the family history and reveals the amazing treasures in his tin box.
