Focusing on developing the skills vital for every domesticated horse, this guide stresses the importance of creating an atmosphere where both trainer and horse can overcome fear and cultivate ...

Here's everything you need to know about horse nutrition. Horses also need to be dewormed regularly because they are grazing animals. Even if they don't spend any time in a pasture, they still have their noses to the ground most of the time—in their stalls, in the arena, in the aisles, on the trail when you stop for a break... You get the idea.

5 Things every Horse Lover should know. Over the years I've met a lot of people who dream of connecting with horses. Yet whether it's financial concerns, fears of getting hurt, or simply feeling like they've waited too long, some have been tempted to give up on their dreams.

The formula differs depending on whether a horse is a young growing horse, a pony or draft breed, lactating or pregnant, in heavy work, underweight, or overweight. However, the general calculation...

Temperament should be the single most important factor in your horse-buying decision. Your first horse should be kind, gentle, quiet and calm and shouldn't ever kick or bite.

Top 10 things horses should know. 1. Why stand on my own feet when there's a perfectly soft human foot to stand on nearby. 2. If I whiny really loudly for a long time, someone eventually will bring me food. 3. If I stand perfectly still sideways behind this tree, they will not be able to find me. 4. No matter how big I am, the 11 hand pony is the boss.
